Dear Mark,

I got your message when I got home from a long trip but I didn't call because
a) so much time had passed, and
b) I'm that bboke.

(Aside from arranging no single promotion for FRAME-UP and trying to kill those others and I did arrange, Outerbridge & Dienstfrey have beat me out of about 40% of the agreed advance, which makes a special, added financial crisis. I can't explain it.)

If you still want to talk to me, I'll be home for a while and I do not expect to be in DC soon. Too much to do here. Don't make it before 9:30 a.m. on nice days, for that is when I try to take a brisk walk. I'll be away Tuesday a.m. long enough to leave my car for service and possibly in the p.m. to pick it up again.

You got a good TV press in Dallas. I was there. I didn't try to get in touch because I assumed you were busy enough, as I also was.

Best,
